

Dear FCC officials:

Please DO NOT consider lifting the cross-ownership ban that would allow even more media consolidation. Enough is enough, let the newspapers and TV "news" stations stand on their own and figure out their own ways of reporting. It will not serve the public interest in Vermont or anywhere. Have you seen our newspapers? They suck. We are all forced to read the free newspaper sevendays to get any real new reporting or we have to listen to public radio.

Now isn't the time to change the rules. Let the big boys wait.

Sincerely,
Renee Ross
